

LUSTRE STAINLESS 30" INDUCTION FLEX COOKTOP

Signature Features

MAGNETIC INDUCTION

Magnetism with a pulse. A surface that heats only the cookware for fierce, flexible power.

EMOTIVE CONTROLS

Striking, intuitive and easy to clean. Inviting controls wait expectantly for the lightest touch to unleash performance.

DYNAMIC ELEMENTS

Break the confines of traditional elements. Unfettered by borders, dynamic elements respond to multiple sizes, making the cooktop your place to let loose.

RAZOR-FINE EDGE INSTALLATION

Subtlety that dares to be ignored. Standing 3 millimeters above the countertop surface and nearly flush with the countertop itself, this precision edge is minimalism magnified.

PAN DETECTION

Be guided by intuition with a sensor-driven element that only activates upon contact with the right-sized cookware.

TRUE FLUSH INSTALLATION

Pique curiosity. A true flush installation makes the jet-black surface melt into its surroundings, luring you in.

LUSTRE STAINLESS

Blur the lines of temptation with mind-bending curves and hairpin corners of stainless steel that will leave you reeling.

BRIDGE FUNCTION

Invoke the heat. Let it course through your cookware with two induction elements that fuse into one, a grand altar for cookware like griddles or braisers.

INSTALL OVER SINGLE WALL OVEN

Versatility and functionality converge with the ability to install in a countertop above our single wall oven. May be installed above our single 24", 27" or 30" wall oven or the JennAir® 24-inch steam oven.
