AIR FRY

Use with air fry basket. See “Accessory Configurations” in the User Guide. Touch Air Fry button, enter weight or servings, press select to confirm. Insert air fry basket and food at prompt, press Start button to start cooking. And turn/flip food at prompt.

NOTES:

- Microwave oven cavity, inside of the door, air fry basket, glass tray will be hot. Use oven mitts to remove the air fry basket and take out the glass tray to clean.
 - The feet of the air fry basket are foldable. Please do not use the feet of the basket when handling the basket, otherwise there is a risk of tipping.
 - Before cooking, kindly remind to open the foldable feet and put the air fry basket on the center of the turntable.
 - During or after cooking, air fry basket will be hot, always use mitts to remove and handle the hot air fry basket.
 - The basket is designed to be easy to clean and Dishwasher safe. Please use a cleaning sponge or rag to hand wash the basket, try to avoid using steel wool to clean the basket or sharp instruments to scratch the basket.
 - When cooking juicy meats, a microwave safe dish can be placed on the turntable and under the air fry basket as a grease pan.
 - When taking out the basket from the cavity, pay attention to whether there is any dripping juice in the basket, so as to avoid scalding or causing the table surface to be dirty.
- 1 Manual air fry:** This function is to use forced air combined with grill function to obtain deep fried effect in a microwave oven environment instead of submerging the food in oil. For better performance we recommend using auto recipes to fry food first. If there is no recipe you can try manual function.
- Open the foldable feet of the air fry basket.
 - Place the air fry basket on the center of the turntable and turn the turntable to make sure the air fry basket does not touch the cavity wall.
 - Air fry default temperature is 425°F (218°C). Use number pads to enter a different temperature, 400°F (204°C) to 450°F (232°C).
 - Touch Time/Power, and enter time in minutes and seconds, up to 99:59. Default time is 30 minutes.
 - Touch Start to cook. Allow to turn food if needed.
