Included controls

Remote

Enjoy added convenience with the included remote—control every function of your fireplace, including power, thermostat, side accent lights, flame, and ember bed, from the comfort of your couch.

Control panel

Easy access panel to control on/off button, flame, side lights and ember bed color settings.

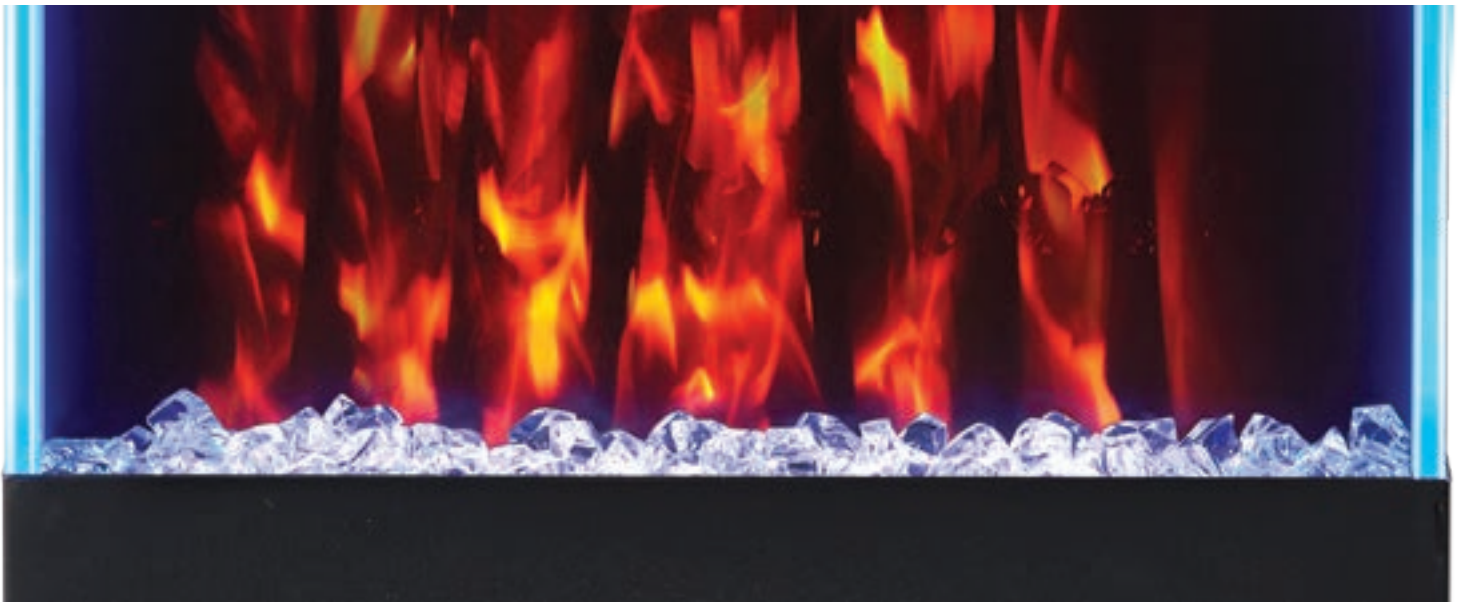

Innovations

Side accent lights

Exterior light panels on both sides of the fireplace, offering six color options, enhance customization to suit décor or mood, while introducing a dynamic focal point as a contemporary centerpiece.
