

Unbranded Model: W10692946

Range Hood Damper

Color Other

Product Description

The Range Hood Damper fits between the range hood and the wall and opens to allow exhaust air to vent away from the home while preventing outside air from entering the room. This is an accessory that can be used across several brands; check to see if your model number is compatible. Installing this accessory will require basic hand tools, some disassembly of the range hood and novice repair experience.
