

CUSTOM 15" SINGLE-BURNER GAS COOKTOP WITH WOK RING

Signature Features

20,000 BTU DUAL-STACKED POWERBURNER

The most powerful cooktop burner offered by Jenn-Air, the 20,000 BTU dual-stacked PowerBurner can sear, create a rapid boil or achieve high heat for wok cooking, and can reach an ultra-low 700 BTUs that makes it possible to melt chocolate or butter without scorching.

LOW-PROFILE DESIGN FOR TRADITIONAL INSTALLATIONS

Stands just 3 millimeters above the countertop surface creating a uniform, minimal look — nearly flush with the countertop — among select Jenn-Air® cooking appliances.

SINGLE POINT ELECTRONIC IGNITION AND FLAME-SENSING™ RE-IGNITION

If the flame is accidentally blown out by a draft, a spark occurs that automatically re-ignites the extinguished burner.

BRASS BURNERS WITH REMOVABLE BASE

Elegant brass burners effectively direct heat for desired cooking results and can be removed for easy cleaning.

WHITE LED BACKLIT KNOBS

A white LED light glows underneath the entire knob when the burner is lit to enhance the premium design.
