

CUSTOM 15” 2-BURNER GAS COOKTOP

Signature Features

15,000 BTU DUAL-STACKED POWERBURNER

This dual-stacked PowerBurner features removable brass burners and delivers the high heat needed to rapidly boil water or to sear meats while also giving you exceptional turn-down control for delicate simmering.

WHITE LED BACKLIT KNOBS

A white LED light glows underneath the entire knob when the burner is lit to enhance the premium design.

15,000 BTU BURNER

Reaching a powerful 15,000 BTUs, this versatile burner features the brilliance of brass and combines precise simmer capabilities with the capacity to quickly boil water or stir-fry vegetables.

LOW-PROFILE DESIGN FOR TRADITIONAL INSTALLATIONS

Stands just 3 millimeters above the countertop surface creating a uniform, minimal look — nearly flush with the countertop — among select Jenn-Air® cooking appliances.

SINGLE POINT ELECTRONIC IGNITION AND FLAME-SENSING™ RE-IGNITION

If the flame is accidentally blown out by a draft, a spark occurs that automatically re-ignites the extinguished burner.

BRASS BURNERS WITH REMOVABLE BASE

Elegant brass burners effectively direct heat for desired cooking results and can be removed for easy cleaning.
